**The Spanish Love Deception** by **Elena Armas** (Trade Paperback – \$29). Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the event of the year. That would be the headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic – from NYC and all the way to Spain – for a wedding. Let alone, someone to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me. Aaron Blackford. The man whose main occupation was making my blood boil had just offered to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. And to my despair, also right. Which left me with a dilemma. Was it worth the suffering to bring the bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my lie? Like my abuela would say, *que dios nos pille confesados*.

**Dream Keeper** by **Kristin Ashley** (Mass Market Paperback – \$20). *Dream Team Series*. Not to her or her little girl, even if this hero could melt any woman's resolve ... Augustus "Auggie" Hero can't deny his attraction to warm-hearted Pepper or how much he wants to make a home with her and her little girl, but Pepper's mixed signals have kept him away. That is, until Juno decides to play matchmaker. Her efforts finally bring Pepper into his arms, but they expose the danger Pepper is in. To protect Pepper and Juno, Auggie will have to live up to his last name and prove happy endings aren't just for fairy tales.

**It Happened One Summer** by **Tessa Bailey** (Trade Paperback – \$28). *Bellinger Sisters Series*. Piper Bellinger is fashionable, influential, and her wild child reputation means the paparazzi are constantly on her heels. When too much champagne and an out-of-control party lands Piper in the slammer, her stepfather decides enough is enough. He cuts her off, and sends Piper and her sister to learn some responsibility running their late father's dive bar in Washington ... Piper hasn't been in Westport for five minutes when she meets big, bearded sea captain Brendan, who thinks she won't last a week. So what if Piper can't do math, and the idea of sleeping in a shabby apartment with bunk beds gives her hives. She's determined to show her stepfather – and the hot, grumpy local – that she's more than a pretty face ... The fun-loving socialite and the gruff fisherman are polar opposites, but there's an undeniable attraction simmering between them. Piper doesn't want feelings for a man who sails off into the sunset for weeks at a time. Yet as she
